## **DETAILED ACTION**

### ***Notice of Non-Responsive Amendment***

The reply filed on January 27, 2003 is not fully responsive to the prior Office Action because: Applicant has failed to particularly point out the specific distinctions believed to render the claims patentable over the applied references. Applicant should submit an argument under the heading "Remarks" pointing out disagreements with the examiner's contentions. Applicant must also discuss the references applied against the claims, explaining how the claims, including newly added amendments, avoid the references or distinguish from them. Since the period for reply set forth in the prior Office action has expired, this application will become abandoned unless applicant corrects the deficiency and obtains an extension of time under 37 CFR 1.136(a).

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.

### ***Conclusion***
